Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Sunday 07 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Frost in places tonight. Cloudier, milder with some rain Monday.

This Evening and Tonight:
Gales in the far north-east easing, with showers also fading. Dry with clear spells for many areas tonight allowing a rural frost in places and some mist patches in the south. Cloudier in west later with some light rain.

Monday:
Dry and bright in the south and east, although becoming cloudier perhaps with a little rain in places later. Western and northern areas, cloudy and windy with outbreaks of rain.

Outlook for Tuesday to Thursday:
Cloud and rain moving southeast through Tuesday with blustery showers following in the north. Cloud and outbreaks of rain in the south likely returning north midweek. Mild in the south.
